PENNRIDGE HIGH SCHOOL  
PERKASIE, PA.

VOLUME VI

PUBLISHED BY THE SENIOR CLASS

# FOREWORD

---

The Class of '59 proudly presents this year's *Pennant*. It is the story of the year, a year of outstanding achievement for Pennridge students. They have maintained the school spirit, good sportsmanship, musicianship, and scholarship characteristic of Pennridge students in past years.

We hope that the *Pennant* will increase your pride in your school. Pennridge certainly deserves your most sincere loyalty.

The *Pennant* will preserve all your happy memories of this school year: your friends, your classes, the sports activities, and social events. It will help you to appreciate more fully one of the four best years of your life.

Come with us and relive this wonderful year through words and pictures.

## IN RECOGNITION

The Senior Class would like to honor Mr. Grasse with this page in recognition of his thirty-nine years of service to the children of the Pennridge area.

Early in his career, Mr. Grasse taught in a one-room school in New Britain Township. Later he became the Supervising Principal of the Deep Run Valley Joint Schools. When the Pennridge Joint School System was set up, he became the first principal of the Senior High School, a position he held from 1953 until the present. During his thirty-nine years of service, Mr. Grasse has helped in the education of thousands of children. He has given unselfishly of his time to better our educational system. He has become the personal friend of the many students with whom he has come in contact. For all of these things and countless others, the Class of '59 would like to thank Mr. Grasse and wish him the best of luck and much happiness in the future.

## Pennridge Joint School Board

*Row 1:* George C. Mott; C. Arthur Rosenberger; David E. Jones; George L. Knapp; Harold A. Buckner; Franklin E. James; Ruth B. Case; C. Richard Hendricks; Kurt A. Vieweger; Willis M. Meyers; Hugh S. Niles; R. Atwood Weidner; Howard Y. Moyer. *Row 2:* Woodrow W. Groff; Leidy Knechel; Harry S. Mosser; Lester R. Void; Charles W. Apple; Robert H. Kehr; Robert A. Rosenkrance, Supv. Prin.; Herbert S. Nase; George W. Shaffer; Abraham M. Meyers; William H. Lewis; George B. Pifer; Harold R. Hunsberger.

The Pennridge Joint School Board is composed of representatives from eight districts: Bedminster, Dublin, East Rockhill, Hiltown, Perkasio, Sellersville, Silverdale, and West Rockhill. Each district has five members, three of whom serve on a special Joint Committee, which acts for the Joint Board, and meets monthly with the administration.

The school board meets twice annually. Elections are held at the December meeting. In April, the budget is discussed and drawn up. Other duties of the board include establishing school policy, hiring teachers, and approving building plans and specifications.

# ADMINISTRATION

Mr. Rosenkrance

Mr. Rosenkrance

The sole function of school administration is to set up the climate for learning and the physical resources for effective instruction. An administrator is expected to provide the stimulus and leadership for quality class room work; it is his function also to supervise and to evaluate classroom teaching; to instill confidence in young teachers; to encourage older teachers to make constant evaluations of their teaching; to interview and to hire new teachers for our system—teachers who will fit into our own Pennridge program. Administration is a job that calls for immense tact, wisdom, patience, and especially educational farsightedness. These, then, are the factors that we call climate of learning.

Having solved the complex problem of welding many personalities into a unified faculty, the administrator must then, in his spare time, wrestle with budgets, schedules, curriculum, supplies, textbooks, building repair and maintenance, irate parents, club programs, class assignments for teachers, pupil sectioning, and an athletic program.

In the evening the administrator relaxes by speaking to clubs, PTA's, service organizations, and citizens' groups. At night he falls into bed knowing that another hectic day awaits him.

At Pennridge we are fortunate to have as administrators: Robert A. Rosenkrance, Supervising Principal; William E. Keim, Director of Secondary Education; John M. Grasse, Senior High School Principal; and Howard M. Nase, Junior High School Principal.

## History of the Class of '59

In the fall of 1955 over two hundred freshmen entered Pennridge, brimming with enthusiasm. They were shy but very ambitious. They were awed by the big upperclassmen. But soon the shyness left them. They held their first high school dance and ordered class hats. Best of all, these freshmen surprised everyone by winning the magazine drive.

In the fall of 1956 these same enthusiasts came back to Pennridge feeling very experienced as high school students. They started the year with a very successful autumn dance. They ordered the traditional sophomore jackets. And who won the magazine drive? The sophomores did!

As juniors the Class of 1959 kept rolling along. If you are wondering who won the magazine drive, these juniors won it. The juniors staged a very successful play, *Harvey*. And of course there was the Prom. Scores of industrious juniors turned out for Prom meetings and to decorate. The beautiful dance was "Fascination" for all who attended.

Finally the Class of 1959 became Seniors. The Seniors started off by winning both the booster drive *and* the magazine drive. Under the direction of Mr. Wack, the Seniors presented a fine drama, *The Defender*. Toward the end of 1959 graduation was on everyone's mind. All the last minute preparations, the Washington trip, and finals kept everyone busy.

And now the history of the Class of 1959 is complete. It spent four fine years at Pennridge. It is sending two hundred fine men and women into the world. The Class of 1959 can be very proud of its history.

O.K. fellows. Let's do the Jive yell.

Ah! The beautiful queen of Pennridge High!

But how was I to know she was your girl?

We invade our nation's Capitol.

## THE WASHINGTON TRIP

Bright and early on May 13, 1959, 157 Seniors left for a three-day visit to our nation's capital. With Seniors waving a happy farewell to parents and sleepy Juniors, the buses pulled out—loaded with suitcases, cameras, and radios. Some of the places visited on the first day were: St. Alban's Cathedral, the Washington Monument, and the Jefferson and Lincoln Memorials. About five o'clock the rain-drenched Seniors checked in at the Dodge Hotel. After a mad scramble to match the right keys to the right rooms, they were soon ready for an evening of fun at the National Symphony Orchestra Concert, the movies, or the swimming pool.

On Thursday morning everyone, especially the chaperones, was rather drowsy. Nevertheless, they toured the F.B.I. building, the Bureau of Printing and Engraving, Mt. Vernon, and the Arlington Cemetery before lunch. The afternoon activities included visits to the Smithsonian Institute and the Mellon Art Gallery. For the evening, the Seniors had their choice of attending a ball game or the movies, or going swimming.

Friday morning the Seniors prepared to pay their last respects to Washington, D. C. Before starting homeward, they got an opportunity to see the Capitol, White House, and the Supreme Court Building. On the way home everyone, especially the girls, enjoyed a tour of the U.S. Naval Academy. At approximately eleven o'clock, the buses arrived at the high school filled with weary Seniors, souvenirs, and happy memories.

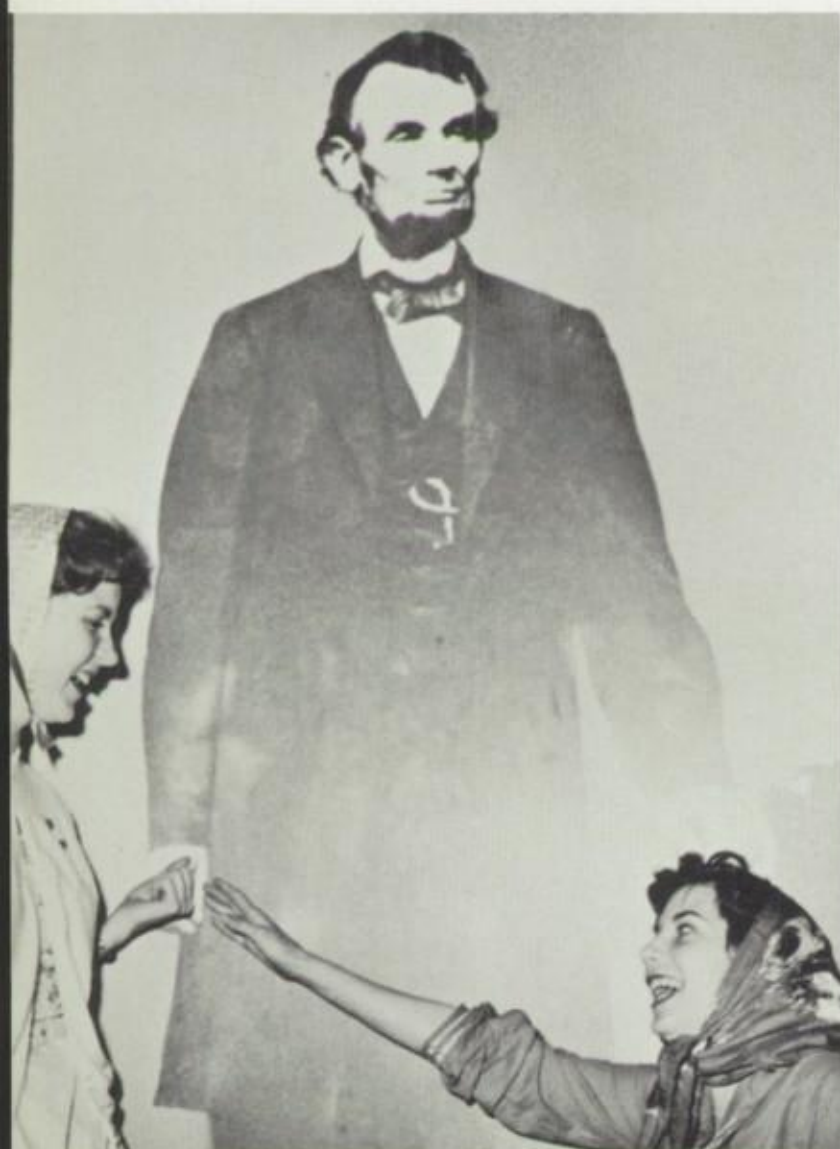

Rwakk!—All right. Who has the water pistol?

My, that's a tall building!

I guess everyone wanted to hold hands with Abe Lincoln!

Hi, Uncle Jefferson!

Ain't she sweet?

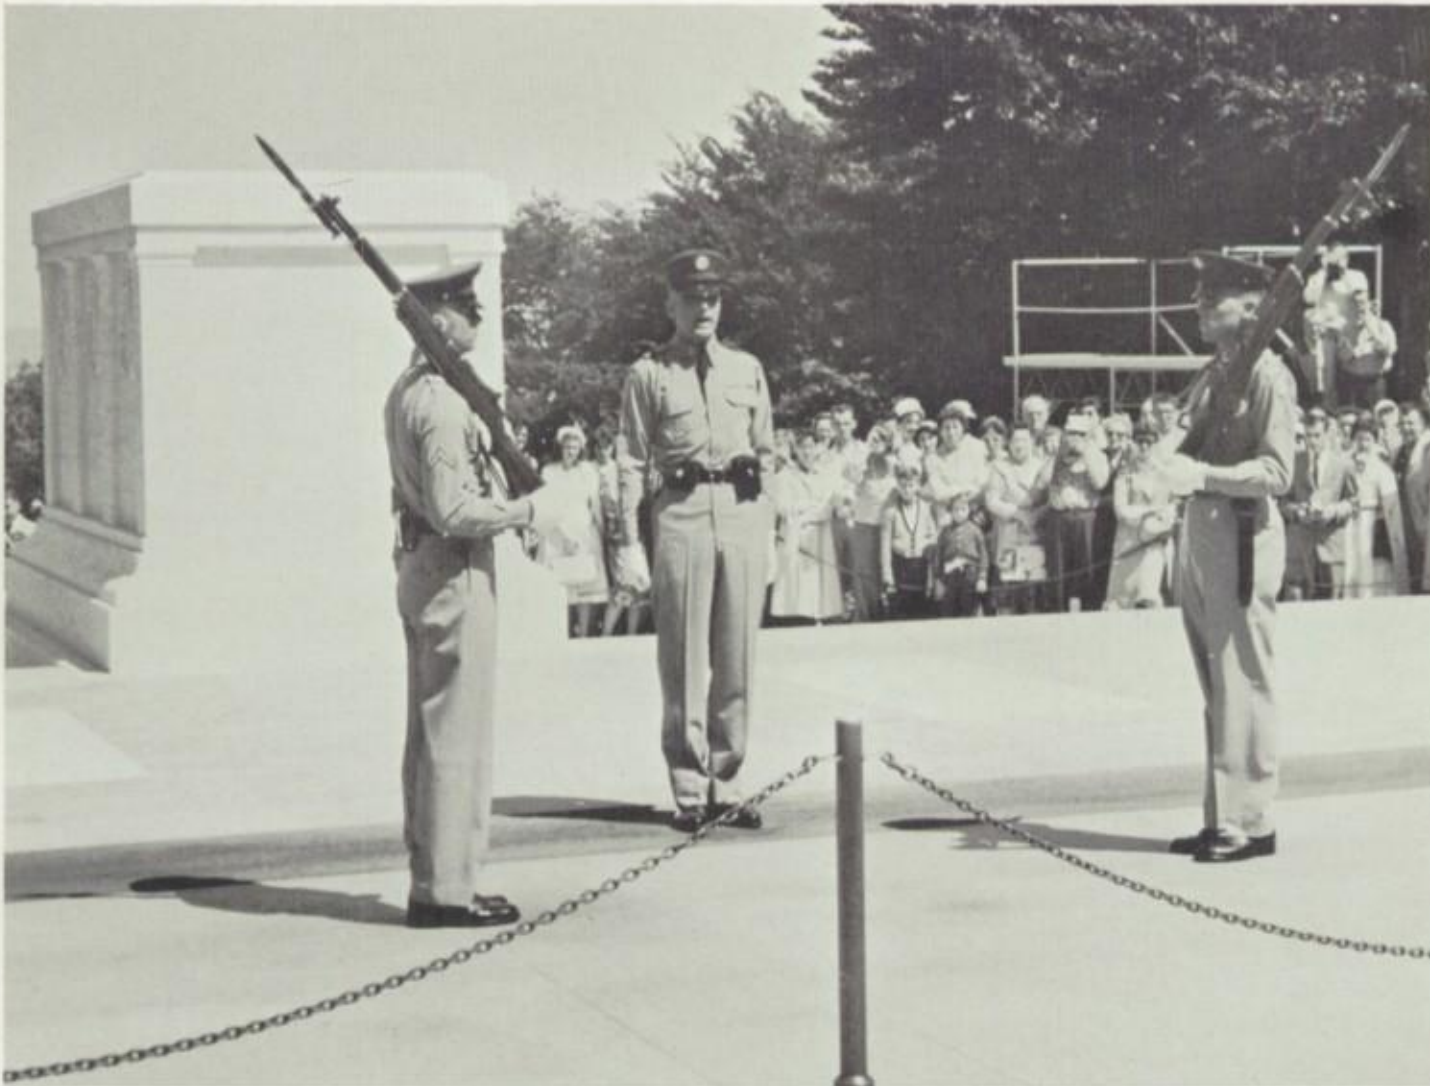

They'll never catch me!

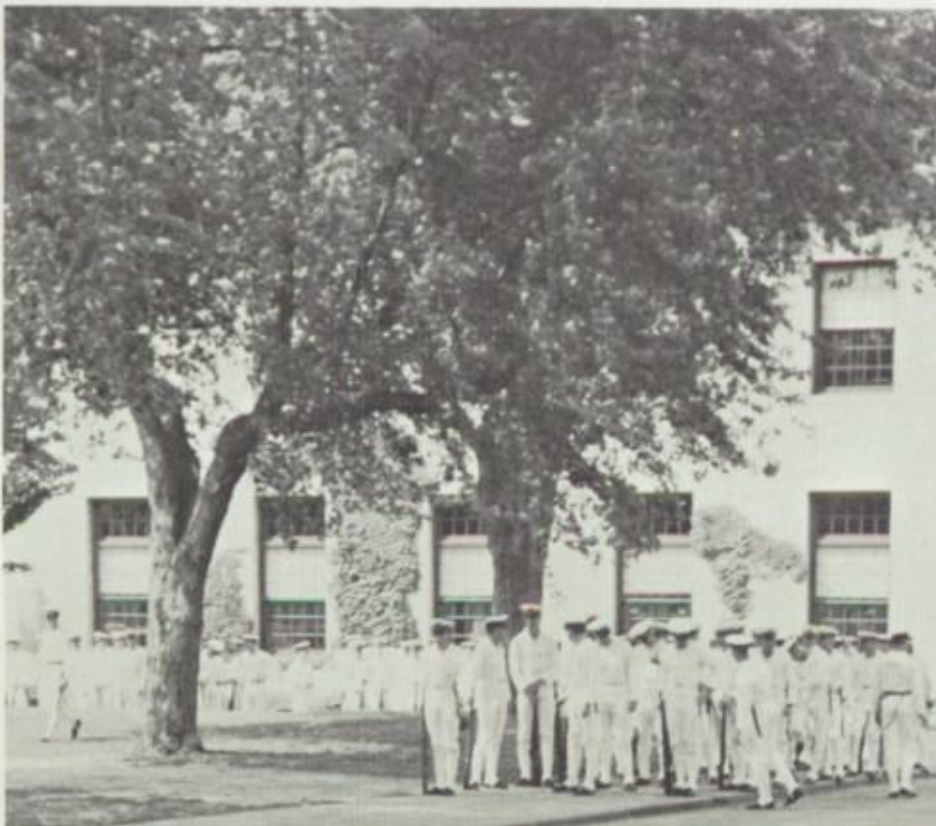

We're here to be identified.

Change of the guard.

Hey kids, there's the navy!

The Capitol will never be the same.

Here we come ready or not!

Sure was pretty when we arrived.

O.K. We're leaving! Don't rush us.

## BACCALAUREATE and COMMENCEMENT

On May 31, 1959, the Baccalaureate Service was held in the Pennridge High School auditorium. Reverend John Ehrhart of St. Stephen's United Church of Christ of Perkasio delivered a challenging message entitled "The Road Leads On." He reminded the graduating seniors that they need not walk alone on the path of life. The A cappella Choir provided the music for this impressive and inspiring service.

On Wednesday evening June 3, 1959, the Seniors received the rewards of twelve years of hard work. The Commencement Exercises began at 8:00 P.M. with the academic procession of students and teachers attired in caps and gowns. After the Star-Spangled Banner and invocation by Reverend David Derstine, the student speakers—Barbara Geiger, Bertina Detweiler, and Pat Kriebel—spoke on the Past, Present, and Future of Education in the Pennridge Area. Following the student orations, the guest speaker, Dr. Neal Bowman of the National Association of Manufacturers, addressed the graduates, urging them to be individuals. Music was provided by the Senior Mixed Chorus and the Senior Trumpet Quartet. Mr. Grasse presented awards to students who had made outstanding achievements in high school. Then came the big moment—Mr. Harold Buckner, President of the School Board, presented each graduating Senior with his hard-earned diploma. The program drew to a close with the benediction by Reverend Derstine. Then the students sang the Alma Mater for the last time as a class. And so, with a few tears and a few smiles, the Class of '59 left Pennridge.

## JUNIORS

I don't like study halls either.

The Junior Class started the year by capturing second place in the booster drive and third place in the magazine drive. The Juniors were eager to order their rings, and proudly displayed them when they arrived. They were kept busy selling scarves and pennants during the football and basketball seasons.

In February they presented *No Time for Sergeants* which turned out to be very successful. Then on May 22 they closed a successful year with the Junior Prom entitled "Shangri La." The theme was an Oriental one. After finals tests, the Juniors were saying, "Three down one to go."

## SOPHOMORES

Books are really tiring.

The Sophomore Class began to work early this year. They won third place in the booster drive and second in the magazine drive. This loyal class ordered their class jackets and, after a long wait, they proudly wore them to various events. During the Christmas Season they sponsored a record dance called "Holiday Hop." In the spring they held another dance "Rainbow Paradise."

"The pause that refreshes."

## FRESHMEN

The Class of 1962 reversed a trend. They were not larger than any other class that had entered Pennridge. As Freshmen usually do, they picked up many traits from the Upperclassmen. Among other things, they learned to: abuse furniture, ignore the cheerleaders, stack lockers, hide chewing gum in science books, and roam the halls during study periods.

Their class officers—Jerry Harris, John Gutekunst, Jackie Bush, and Ann Harriet Buck—carried out their duties efficiently. One of the chief activities was the closed Freshmen dance in the spring. The class looks forward to many happy days at Pennridge.

I'm sure there was something in my ear.

## ACTIVITIES

Work, you Juniors, work.

Once upon a time. . .

## ENGLISH

The purpose of the English department is to provide all students with a thorough background in the use of the English language. This background preparation is in four major areas: listening, speaking, reading, and writing. The English teachers' job is not as easy as it sounds. For they must not only teach students the basic skills, but teach the art of using these skills throughout their lives.

Term paper blues.

Et tu Brute!

O Tannenbaum.

Now, let's hear you translate it.

Pennridge's Don Juan.

Les Miserables.

## LANGUAGES

Pennridge High School offers four foreign languages: French, German, Spanish, and Latin. Students learn to speak the languages. They also learn the background and customs of the countries. They translate parts of famous novels. With daily practice, using common words, students can get a good foreign language background.

Bookies in action.

Keep your fingers back. It's been known to bite.

No Janet, with the hands, not the feet.

## COMMERCIAL STUDIES

The commercial course is planned for those students who intend to enter business. The students are given training in: two years of typing, stenography, and bookkeeping, one year of general business training, commercial geography, and office practice. These students also do much for our school; they mimeograph or type materials for the various departments or for school events.

Who knows what evil lurks in an English book?

Has anyone found the joke section yet?

Do you kids really know the answer?

Who won that war, Mr. Kern?

## SOCIAL STUDIES

The purpose of our Social Studies Department is to give the student a varied course throughout his four years so that by graduation he has acquired a fundamental knowledge of government and its principles. During ninth grade he is taught Pennsylvania History. In tenth grade he is introduced to World History. United States History is thoroughly covered in helping him to understand the present problems of our nation, and in twelfth grade he meets these problems face to face in Problems of Democracy. This basic knowledge of government through the centuries helps him understand history today and prepares him for self-government in our democracy.

Now where is Pennsylvania?

Aren't you too old to be playing with blocks?

Try drawing a square circle!

Look! The girls' gym class.

You mean you still don't understand it?

## MATHEMATICS

There are several different kinds of mathematics taught at Pennridge: general mathematics which helps the student to receive a background in math for use in the business world; Algebra I and II which is the study of numbers in the abstract and symbolic language of Algebra; plane geometry which deals with proving facts about such figures as circles, rectangles, and triangles; trigonometry which deals with making calculations from the relations between the sides and angles of a triangle; and solid geometry which is the study of solid figures. Both trigonometry and solid geometry are one semester subjects.

## SCIENCE

Pennridge offers five different courses in science: General Science, Biology, Physics, Chemistry, and Related Science.

General Science and Related Science are both basic studies, and they cover the various phases of science. Biology deals with living things in nature. Both Physics and Chemistry prepare the students for college and further study.

Did you see it drop?

Hope it doesn't explode!

Now for the underarm deodorant!

Future scientists of America!

Who needs music?

## MUSIC

The Music Department helps the student to understand music—its origin, symbols, and meaning. Since music is required only of the Freshmen, opportunities for advanced music study have been offered to the student body in the form of music theory classes and choruses which are under the direction of Mr. Shaw, and instrumental instruction and band which are under the direction of Mr. Acaley.

Look at those snorkles!

Every class has its ups and downs.

Now let's try it with one hand.

# ART

Art is a required subject for all Freshmen. Arts and Crafts or Painting and Drawing may be elected by any interested upperclassmen.

Several times a year students who take these courses are given a chance to display their work. These displays include all forms of crafts that the students have been working on.

Is this new leather?

Is that Miss Applebach?

Coffee break?

Wrong model!

Hurry! Here they come.

Hey! You can see through this stuff.

This beats recess!

How about another cup of air?

## HOME ECONOMICS

All of our Freshmen girls are required to take Home Economics, and some of the girls of the upper classes elect it as a major subject. The students learn to cook and sew. Under the guidance of Miss Chalfant and Mrs. Crouthamel, the girls become competent in those fields.

Was she really walking on the ceiling?

Who has the gum?

O.K. Now jump.

## PHYSICAL EDUCATION

Variety in our school day's activities is provided through the physical education department. Both boys and girls, who are required to take gym, participate in such sports as: volleyball, basketball, softball, tumbling, hockey, and soccer.

Health is included in the above program. The students learn the fundamentals of First Aid, Safety, and Personal Hygiene.

Do you think it will ever come down?

The mattress looks a little hard!

Think now! Work later!

Why don't you start the motor?

## INDUSTRIAL ARTS

The Industrial Arts Department is composed of boys who intend to enter some phase of industry. Industrial Arts includes wood shop, metal shop, and mechanical drawing. In the wood shop, the boys make their projects using the various hand and power tools. In metal shop, projects are made of various metals, leather, and plastic. In the adjoining room, fundamentals of mechanical drawing are taught. Like any other subject, the boys use textbooks and take periodic tests.

I think I will design a pencil.

Make sure to dust behind the picture!

Pennridge order of the Klu Klux Klan.

To start, place the pencil here!

## VOCATIONAL AGRICULTURE

The program in Vocational Agriculture is designed to provide the student with as much skill and knowledge as possible. Agriculture is a vast study; therefore, the information covered must be general. The boys use the classroom, the shop, and field trips as sources of information. Their home projects give them experience in the fields they wish to enter.

I like lab period better!

## HUNTING AND FISHING

Industrious looking group, don't you think?

Now if you can just get your finger out!

With Mr. Kern as their adviser, a small group of boys discuss various topics which deal with hunting and fishing. The main objective of this club is to teach the boys the safe handling of firearms and weapons. This year much of their time has been spent attempting to establish a shooting range.

## SPORTS APPRECIATION

Of course there are rules in this game, too.

Aw, come on fellows. Don't you want to play?

Are you sure you know what you are doing?

## GIRLS' INDUSTRIAL ARTS

A woman's place?

The Girls' Industrial Arts Club, under the direction of Mr. Singer and Mr. Graybill, meets every Thursday. The girls work with plastics, wood, leather, metal enameling, and art metal. With the expert guidance of their advisers, the only male members of the club, the girls gain the experience of working with machines they may have to cope with someday.

## RADIO CLUB

Puzzling little contraption!

This was the first year that Pennridge had a Radio Club. This club is under the direction of Mr. Crown. The purpose of the club is to have fun in electronics and radio. During club periods the members study theory, build radios and equipment, study Morse Code, and do some actual broadcasting. They have purchased equipment and are now constructing a radio station at school.

H-E-L-P!

The Verdict is *Yours*.

## BRIDGE CLUB

The purpose of Bridge Club is to teach students the fundamentals of bridge. The groups are instructed by Mr. Gantz and Mrs. Lewis. The clubs are open to the entire student body; however, only about twenty can be accommodated because of the amount of instruction needed. The members are arranged into fours, and games are played simultaneously. The members agree that bridge is a very good way to spend one's time.

This is one way to win.

## CHESS CLUB

Chess Club is an interesting club for "Old Pros" and beginners at chess. The members have a tournament ladder which symbolizes their progress. They constantly challenge each other for the top rung of the tournament ladder. One may be there once, but not for long. The members and Mr. Stengle plan to compete with other schools during the year.

Pressure!

Not that one, Roger.

Das ist ein . . . Was ist das, anyhow?

## PENNSYLVANIA DUTCH CLUB

The Pennsylvania Dutch Club is composed of students who desire to speak the language native to this area. Under the leadership of Miss Smith, they spend most of their time speaking the language—learning objects and their color in the room, or conversing. During the Christmas season, the club reads about Pennsylvania Dutch customs and discusses them.

Verstehen Sie das?

## DRAMATICS CLUB

This club gives its members an opportunity to act out plays and skits. No member is given the same type of role each week. One may go from a leading lady to a walk-on. The main purpose of the Dramatics Club is to give all members an opportunity to express themselves without fear of being embarrassed.

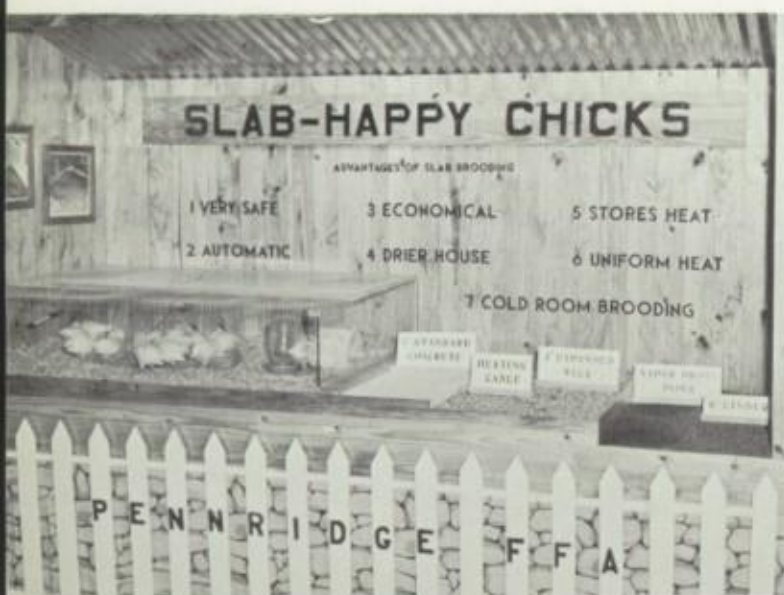

Hey! She moved!

We still prefer the shaggy dog look.

Don't you wish you were?

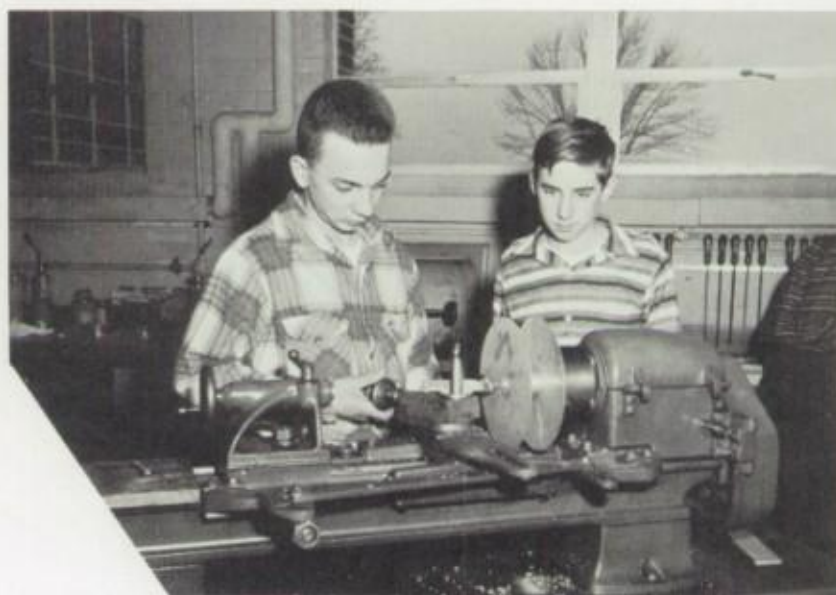

Our meetings are not always this orderly.

## INDUSTRIAL ARTS SERVICE CLUB

All Pennridge High's "Mr. Fix-its" are in the Industrial Arts Service Club. The main purpose of the club is to repair and to make things for the school. The members are picked by the industrial arts teachers. Only sophomore, junior, and senior boys taking industrial arts are eligible. The group is always willing to construct something for a school activity. The members are getting valuable experience in wood-working.

## FUTURE FARMERS OF AMERICA

The F.F.A. is a national organization of high school boys enrolled in agriculture. The chapter is under the direction of Mr. Ott. The members of the F.F.A. strive to promote rural leadership. The chapter competes with other schools in farm shows and basketball. This year the members took second prize with their exhibit, "Slab Happy Chicks," in the state farm show at Harrisburg.

Watch it! It has a bad temper.

We want this cut exactly in half.

Now, if we can find one for mailing.

This club under Mr. Helman's supervision is one of the school's most interesting clubs. Their purpose is to promote interest in collecting stamps and to help improve their stamp collection. During club periods they have stamp hunts, auctions, and quizzes, and they keep up-to-date on new stamps.

Here is one from Brobdingnag.

## STAMP CLUB

The purpose of this club is not to study such models as Marilyn or Bridgette, but to improve building techniques of model cars, boats, and airplanes. The club's group efforts resulted in a "piper cub" airplane with a seven foot wing span. It was a big success, and rumors have it that the next club project is to be a rocket that will be moon-bound.

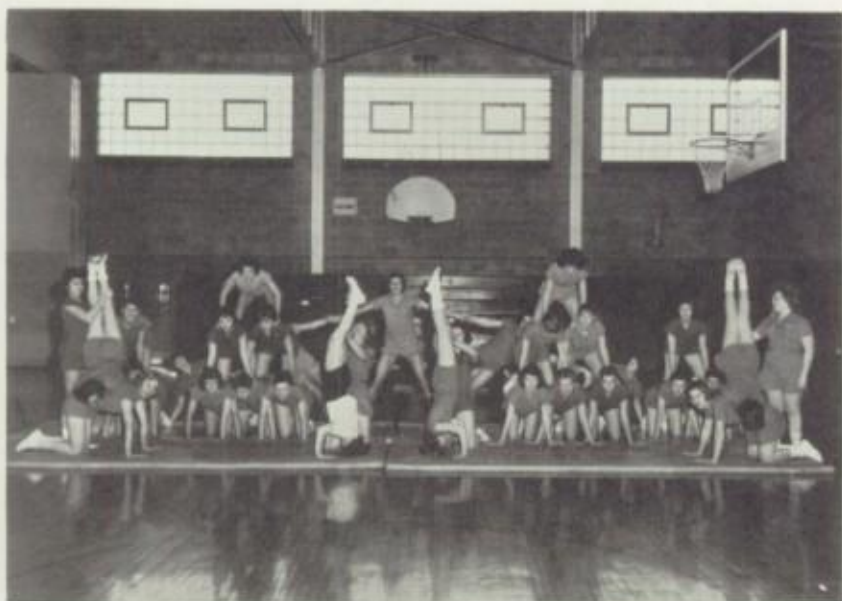

Well, the Wright Brothers did it.

Do you think we can cross the Atlantic?

## MODEL BUILDING CLUB

What if the bell rings?

## GIRLS' GYMNASTICS CLUB

Hands up!

Many girls at Pennridge enjoy gymnastics, and are given an opportunity to work outside of gym class. The girls learn the basic skills on the mats, the horse, parallel bars, rings, and the Indian clubs. Then each girl begins working on her favorite piece of equipment. The club gives an assembly program to the students, and participates in a program for Open House.

## BOYS' GYMNASTICS CLUB

Under the direction of Mr. Krystyniak, the boys use the various equipment in the gym: the rings, parallel bars, horse, mats, horizontal bar, and ropes. In April they presented an assembly program for the students. Several of the boys also participated in the Bux-Mont Jr. Olympics.

I hope and pray that. . .

Look out below!

Anyone for a game?

## GIRLS' VARSITY CLUB

I am posing.

The Boys' Varsity Club is open to all boys who have earned a varsity letter. During the past year the club presented a plaque to Dr. Snyder for his service rendered to the school's athletic program, and co-sponsored the Basketball Jamboree. Pennants representing the schools of the Bux-Mont League were purchased to be placed in the gym. The club also sponsored the Scholastic Athletic Award which was presented at Graduation.

Many of our girls at P.H.S. belong to the Girls' Varsity Club. Members are active or inactive. The active members meet during club periods. All members meet once a month at the home of one of the girls. These get-togethers are both social and business. With the Boys' Varsity Club, they sponsor the Basketball Jamboree. This year the club sponsored an All-Sports Banquet for the first time.

How about that!

## BOYS' VARSITY CLUB

Let's have a little order.

We have a problem.

A branch of the YWCA, the Tri-Hi-Y is a Christian service club which endeavors to help the community whenever and wherever possible. The members made Easter baskets for the Allentown Mental Hospital, Horns of Plenty for Grandview Hospital, and Christmas decorations for the Old Folks' Home in Quakertown. They also gave a donation to the Pennsylvania Association for Retarded Children.

## HI-Y

The purpose of the Hi-Y club is to create, maintain and extend throughout the home, school, and community, high standards of Christian character. All club activities are based on student interest and participation. This year the fellows again held discussions on "Teen Talk"—a booklet published to help solve the problems of teenage life. The members used their dues to buy toys for the new children's ward at Grandview Hospital.

Does anyone have an answer?

## TRI-HI-Y

Did you ever hear this one before?

All right, who goofed on the minutes?

How dry I am.

Note the clean cuts.

No Tony, you may not have a pony.

## BIOLOGY CLUB

The Biology Club, under the direction of Miss Campbell, meets every Monday and Tuesday. The main purpose of this club is to give biology students a chance to work on their biology notebooks and projects. Miss Campbell gives her club members any help they may need with their work.

Once upon a time. . .

## READING CLUB

The Reading Club, under the supervision of Mr. Talbot, is open to students of every class and meets every week on club days. It is designed for both students who have trouble in reading, and those students who want to read faster and with better comprehension. Mr. Talbot supervises his club as a study hall, and helps the members with work they cannot understand.

That's odd. It never lied before.

The Advanced Math Club, under the direction of Mr. Pritchard, gives its members a chance to learn more about mathematics. Brain teasers and mathematical puzzles fall to the wits of this club. This year the club purchased slide rules which they use along with other important instruments. The elementary computer is now challenging the wits of the club.

## ADVANCED MATH CLUB

I'm stumped.

## FUTURE HOMEMAKERS OF AMERICA

Under the supervision of Miss Chalfant, the members of this club learn the fundamentals of homemaking which will benefit them in future years. During the year they see movies on demonstrations of proper homemaking. Through group discussions, movies, and demonstration, they become acquainted with situations which will confront them as citizens and homemakers of the future.

Uh! Oh! The box is too small.

Smile!

Hurry! Curtain going up.

## STAGE PRODUCTION CLUB

The Stage Production Club is responsible for the scenery needed for assemblies, plays, pep rallies, and other programs. The club consists of about twenty members who meet every Thursday with Mr. Diehl. Although the club meets only once a week, the members take a real interest in their work. Their hard work is greatly appreciated by the entire student body.

Brother! Is this forest heavy.

## ASSEMBLY CLUB

The purpose of the Assembly Club is to stimulate more student participation in assembly programs. Students are urged to share their talents with the rest of the school through activities like Christmas and Easter programs, and talent shows. Mr. Diehl and the thirty members of the club sponsor about three or four programs a year. These active students are known for their wit and humor.

Next week's assembly will be imaginary.

You see, there was this. . . .

Dedicated to humanity.

The Future Medical Club attempts to help students decide what vocation in the medical field they are best suited. The members hear guest speakers such as doctors, nurses, dieticians, and members of the armed forces Medical Corps. They see films pertaining to health and medicines, have demonstrations, and take field trips to Hospitals and Schools of Nursing. They also accomplished several projects such as making bandages, and presented scrapbooks to Grandview Hospital.

## FUTURE MEDICAL CLUB

If this doesn't work, try artificial respiration.

## FUTURE TEACHERS OF AMERICA

This past year the members of the F.T.A. observed and taught classes in Perkasio and Sellersville elementary schools, and also substituted for absent teachers. For outside activities they sent two representatives to the State Convention, and took eight representatives to Abington for a Bux-Mont conference. They also had guest speakers, one of whom was Mr. Rosenkrance. The purpose of this club is to give the student a more concise view of teaching.

Only 45 more years to go.

Some day the whip will be in our hands.

This is how angels are made.

On the count of ten, run!

## CHEMISTRY CLUB

The Chemistry Club meets every Monday during club period. The purpose of the club is to help senior chemistry students who need extra help with the subject matter discussed in class, and to allow brighter students to study some things not discussed in class. Mr. Kauffman, the adviser, helps the students with their problems and advanced attempts. Chemistry equipment is also available during the club period.

Our pioneering scientists.

Every Tuesday the Physics Study Club meets under the direction of Mr. Kauffman. Membership is limited to academic Juniors who are studying physics. During the club period the members study physics and do their homework in that subject. Sometimes the members discuss various phases of physics which interest them. Mr. Kauffman is there to answer any questions which might arise.

## PHYSICS CLUB

It's simple. Just put your finger in here. We'll do the rest.

Are you sure we will appreciate this?

## MUSIC APPRECIATION

This club, under the direction of Miss McHale, meets during the last period every Thursday. The main objective of this club is to develop within the student an appreciation of classical music. During the club period the participants listen to classical records and give their opinions if there is sufficient time. While the music is being played, the students are free to read or study.

I like this kind of music.

There is a good selection of books this month.

## LITERATURE CLUB

The Literature Club is under the supervision of Miss McHale. The club's purpose is to provide a pleasure reading period for students who enjoy reading. The students can go to the library and read by themselves, or they can stay with the supervisor and read in a group. The students may choose and read the books they want to.

Sounds interesting.

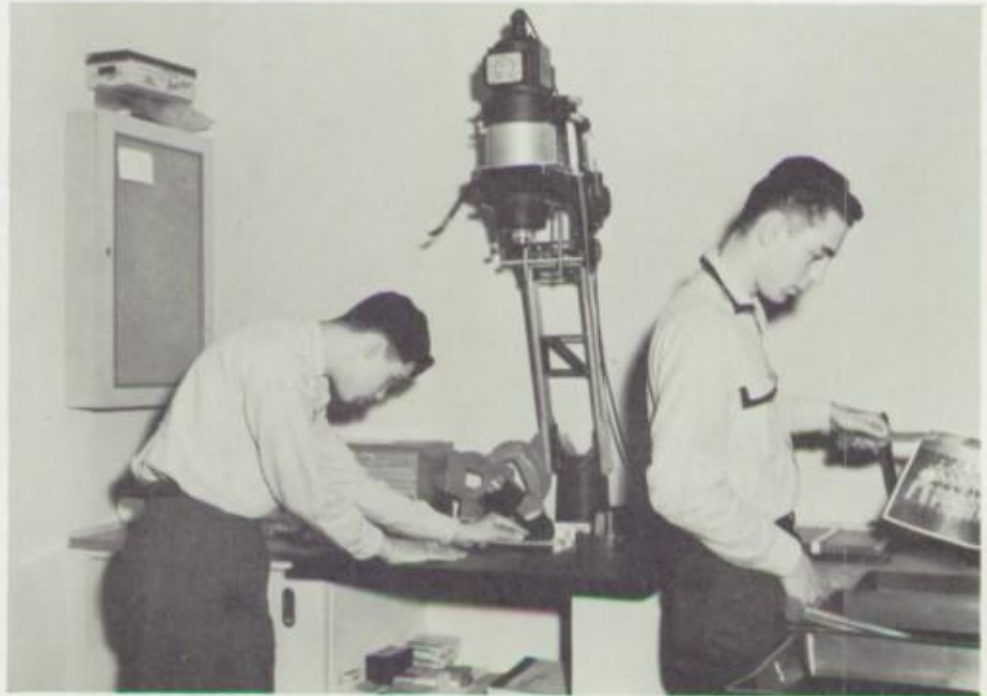

Steady!

## PHOTOGRAPHY CLUB

Mr. Singer and his shutterbugs meet every Monday afternoon. They take pictures for the *Pennant* staff and the *Ridgette* staff. During football season they take movies of the games. Some newspapers use their pictures. The boys learn darkroom procedures and picture developing. One project they had this year was taking a movie on Foundry Practice and Procedure. The Photography Club is a great help to the school.

Who turned the light on?

Hold it down while I make the incision.

## PROJECTION CLUB

This club, under the supervision of Mr. Pritchard, was started to show boys the use and care of projectors, tape recorders, and record players. The boys learn to repair the projectors, to splice films, and to clean the machines. A few select boys operate the lights and microphones in the auditorium for assemblies and special programs. By these services this club is a great help to Pennridge.

Now, if we just had a screen.

## GIRLS' SEWING CLUB

With the assistance of Miss Chalfant, the members of the Sewing Club make clothing for themselves and design stuffed animals from odd scraps of material. During the club periods, the girls have access to the school facilities in the Home Economics Department. The members also made costumes for the school operetta.

Oh cut it out. It tickles.

"Friends, Romans, and Countrymen. . ."

## ART NEEDLEWORK CLUB

This year Miss Linde again sponsored the Beginners' Needlework and the Advanced Needlework Clubs. The Beginners meet on Tuesday; the Advanced club, on Monday. These girls are learning new skills, and improving old skills. This year the beginning class knitted an afgan which will be given to the school for use in the Nurse's suite.

There is a first time for everything.

She sewed her fingers together again.

Did Rembrandt start this way?

So you see girls, this is used for more than fingernails.

## PAINTING AND DRAWING

The Painting and Drawing Club, under the guidance of Miss Applebach, meets every Monday, Tuesday, and Thursday. It is mainly for relaxation in painting and drawing. The students express themselves in their paintings. They work with tempera, water colors, pen and ink, and some oil paint. They do still life, figure paintings, and snow scenes. This year the club went on a trip to see some famous art works.

Guess who forgot to release the shift key?

Under the supervision of Mr. Dyer and Mr. Hales, members of the beginners and advanced typing clubs receive instruction and practice. Students not having a scheduled class are taught the fundamentals needed to make good typists. The advanced typing students who want extra practice and experience accomplish the work for which they had no time in their classes. Many students have found these clubs rewarding.

## TYPING CLUB

Want to drag?

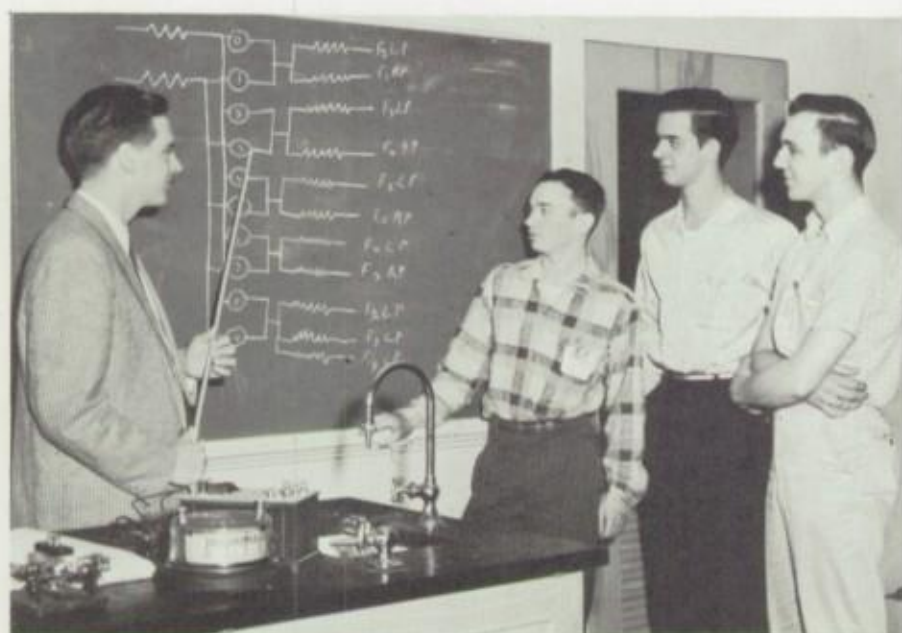

We look at books all day. What do you do?

## LIBRARY ASSISTANTS

Library Assistants are a vital part of the high school library service. The library tasks assumed by the students have variety and challenge. Such traits as perseverance, loyalty, pride in workmanship, and responsibility are developed. Not only is there educational value in this work, but vocational and social value as well. Here is an opportunity for the high school girl to discover whether she is interested in becoming a librarian.

Let's keep these files in order, girls.

Looks complicated, and it is.

## HEART ASSOCIATION RESEARCH PROJECT

During this school year eight gifted Pennridge science students, under the supervision of Mr. Kauffman, have been doing basic research in the field of electronic computers. The costly research was made possible through a financial grant by the Heart Association of Southeastern Pennsylvania. The primary purpose of the Heart Association grants is to provide motivation for science-prone students to go beyond the textbooks in their high school science courses into areas of basic research.

What channel is this?

Don't take it so hard.

Will you wait for me?

## "PIRATES OF PENZANCE"

On May 1 and 2, Pennridge experienced the second operetta in its history. The operetta was given by the A capella Choir and was entitled *Pirates of Penzance*. Both the vocal and instrumental parts of the operetta were under the direction of Mr. Shaw. The orchestra was composed of teachers and members of the community as well as students.

Take your posts.

Those P.J.'s are sharp.

All men at attention!

An all-school cast presented *No Time for Sergeants*, a two act comedy, on February 5 and 7 under the direction of Mrs. William H. Rufe, Jr. *No Time for Sergeants*, which had recently been a big success on Broadway, was also a big success in our auditorium.

The action of the play centers around Will Stockdale, a Southern hillbilly played by Steve Myers, who had just been drafted into the army. Will's best friend, Ben (Morell Boone), in his attempts to get a transfer to the Infantry, helps in confusing Sergeant King (Jack Radzai). In a final scene the three receive their transfers.

Stay calm!

Here we are, General!

Are you worried, General?

Here is your medal.

Prepare to blast off!

## "THE DEFENDER"

This play was presented by the Senior Class on November 21 and 22 under the direction of Mr. Wack. It was different from many plays which were presented here in the past. It was a three-act drama rather than the usual comedy play presented at Pennridge.

The play dealt with the trial of a grocery boy who was accused of the murder of a wealthy woman. The defending attorney thought that he was fighting a losing battle throughout the trial. However, his son, who acted as his assistant, did not; and he finally found proof that the grocery boy was not guilty of murder.

In addition to providing entertainment, the play also was educational. It showed the proceedings of a trial and some of the trickery used by attorneys in court cases.

Preparing for the big trial.

Don't electrocute yourselves!

Take it easy there!

I get paid to prosecute, and I prosecute.

Is he guilty?

No mistakes, please!

## PENNANT STAFF

The '59 *Pennant* has been produced with the hard work of the Pennant staff. These people have spent club periods, afternoons and nights, meeting their deadline on time. The pictures and write-ups have been carefully chosen to recapture the school year. With Mr. Kenneth Smith as their adviser, the staff is bringing you a fabulous and exciting year-book to recall the school days of 1958-59.

Let's meet the deadline, kids!

## RIDGETTE

Six times a year the students at Pennridge learn of the school happenings "right off the press." Our school newspaper, *The Ridgette*, contains sports coverage, feature articles, and general news of all activities. The staff of 20 people contribute many good ideas.

*The Ridgette* is set up and printed by the *News-Herald*. To help pay their printing bills, the staff sponsors Rose Day in assembly each spring.

## NATIONAL HONOR SOCIETY

In order to become a member of the National Honor Society a student must display qualities of character, service, scholarship, and leadership. The total membership of the Society consists of a maximum of ten per cent of the Senior Class and five per cent of the Junior Class. Members are inducted in an impressive ceremony, one held in the winter and one held in the spring.

To become a member of the National Honor Society is one of the highest honors a person can receive in high school.

## WEEKLY NEWS STAFF

The Weekly News Staff is responsible for keeping our students and residents of the community informed of the happenings in our high school. Each week each of the Weekly News reporters is given an assignment to write about such things as: class plays, assembly programs, classroom activities, trips, and dances. After proofreading and rewriting by the editors and Mrs. Nichols, these articles are ready for printing in the *News-Herald*.

Faster, faster. . .!

Are you sure that you have the right assignment?

I'll take it!

## STUDENT COUNCIL

The students of Pennridge are represented by our student council. Council is composed of representatives elected by each homeroom and of five officers elected in a general election held in May. Under the leadership of our President, Barry Price, and our adviser, Mr. Detwiler, council carried through many worthwhile projects. Several of the projects were: the club assistance program, the contribution to the scholarship loan fund, the visitations to observe other schools and councils, the "Team Dance," and the awarding of graduation prizes. The council of 1958-59 is to be congratulated on their fine work.

## A CAPPELLA CHOIR

Since Mr. Shaw started the A cappella Choir three years ago, it has been one of the busiest organizations in our school. It consists of fifty-three members who meet three times a week in the Music Room.

At Christmas the Choir presented a varied concert of sacred and secular music. This spring, they presented an operetta, *Pirates of Penzance*, which was very successful. As a community benefit they sing at churches in the area. They also traveled to East Stroudsburg to give a concert. They closed their busy year by singing at the Baccalaureate Service in June.

## BAND

The Pennridge High School Band, under the direction of Chet Acaley, is recognized as one of the outstanding scholastic bands in the East. They perform half-time shows throughout the football season. They also appear at many local, state, and out-of-state parades. This year they again won first prize in the New Jersey State Parade at Flemington. This summer they are marching in the Lion's International Parade in New York City. Each year the annual spring concert is performed to a capacity audience.

The Green and White band is composed of one hundred and one members including nine majorettes and five color guard.

Mr. Acaley, Director; Bertina Detweiler, Secretary; Karl Groeber, Treasurer; Stan Clemens, Student Director.

COLOR GUARD—P. Busch, F. Meas, J. Mulloy, L. Alderfer, T. Greaser.

# CHEERLEADING

We again had a peppy and enthusiastic cheerleading squad this year. Under the leadership of Miss Nash and the co-captains, Nancy and Louise Detweiler, these ten girls worked hard to keep the Pennridge spirit high. They realized that without the right spirit on the part of the fans, our teams could not be successful. They were responsible for planning the pep rallies. Most important of all, these girls helped to build a good name for Pennridge.

Our hero!

Let's hear it!

Conference with the chief!

Pennridge has always been well-known for her football team. This year again the Rams lived up to the expectation of Pennridge fans. Due to the hard work and cooperation of the team and coaches, our Rams were victorious in every game except one.

This year's season saw many outstanding athletes on the Pennridge gridiron. Ray Moyer and Fred Patton won positions on the first All Bux-Mont team. Ray Clemmer and Jerry Souder were placed on the second team.

## HOCKEY

This is your last chance, girls!

I'm sure I saw a four leaf clover around here.

Victory for the Varsity!

Gee, these girls are good!

"Sticks down, stop, and drive!" "Run!" "Stop on a dime!" This year the girls took heed to these wise words and came in third in the Bux-Mont League. Everyone will surely remember the after-school practices, the rugged games, and the fun that went with them.

## SOCCER

This is the second year for the sport of soccer at Pennridge. Under the coaching of Mr. Etters, the team worked hard to master this sport. This year witnessed the first night soccer game in Pennridge history. It was played on the Junior High School football field and was a big success. This year was also the first year for Pennridge membership in the Lower Bucks County Soccer League.

Pennridge scores again.

Though the win-loss record isn't as attractive as some would like it to be, the girls will long remember this season. Our coach, Miss Kramer, provided the tactics; co-captains, Joan Pritchard and Doey Kehr, upheld the spirit; an energetic guard, Mary Shive, provided the entertainment. You see, this team had everything but the points.

What happened to the ball?

Boy, you flattened that ball!

Both the varsity and the junior varsity teams had good seasons this year. The varsity had a nine win, nine loss record which put them right in the middle of the league standings. The junior varsity had a seven win, twelve loss record. The teams worked hard and went out to win every game. Excitement! That's the word for this year's basketball games. Coach Stengle kept the spirits high, and it was evident in every game.

## TRACK

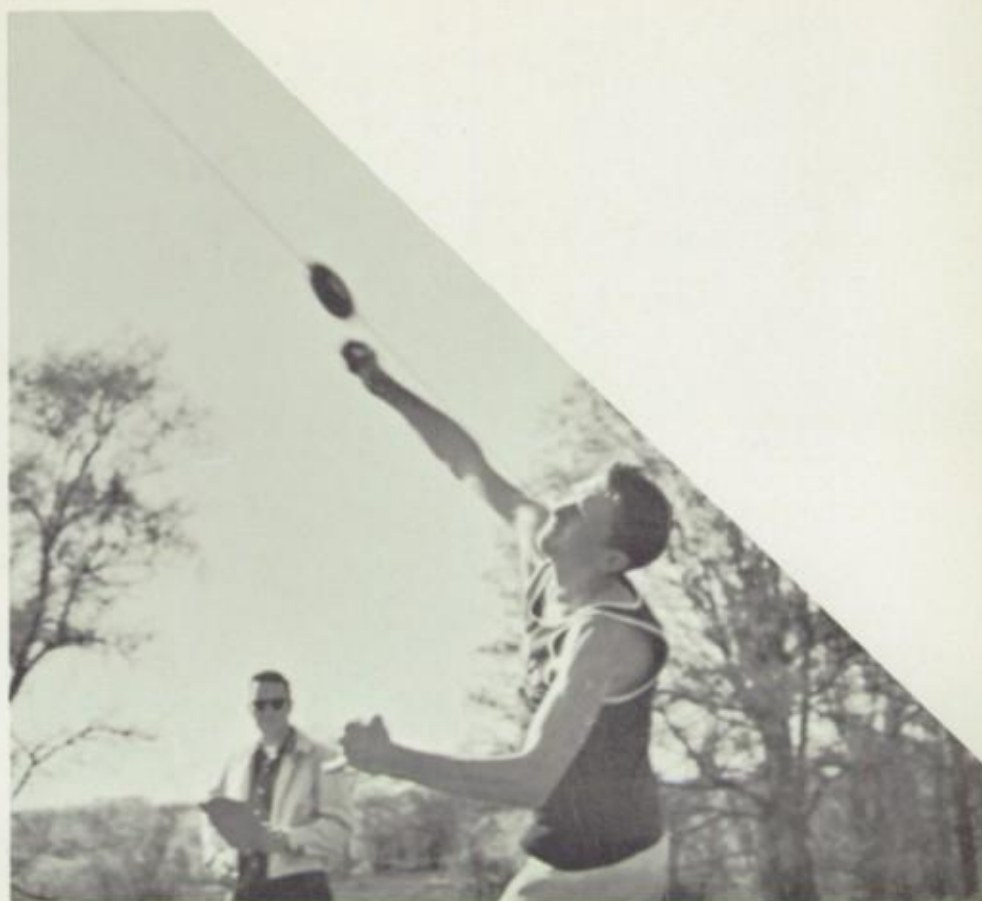

This year Pennridge had a well balanced team and did well in all events. We took second in the Bux-Mont behind a strong North Penn team. In the Bux-Mont we scored in thirteen of the fifteen events. Many records were set this year through hard work and determination. Coach Helman and Coach Osler kept the boys working and hustling; as a result, this was an exceptional year in track.

The 1959 tennis record for the Bux-Mont League is rather odd. North Penn and Central Bucks were tie for first place with a 7-1 record. Souderton and Quakertown were also tie with a 1-7 record. This left Pennridge right in the middle with a 4-4 record. No matter if you say our girls were in second or third place, they did have a successful season. Nancy Nase, a junior, was undefeated in league competition.

## GIRLS' SOFTBALL

Led by an able coach and four seniors, the girls' softball team began the 1959 season. After losing their first two games, they made a terrific comeback and won the next four. This put them in third place in the Bux-Mont League. Ready for action next year are many underclassmen with experience.

The baseball team was picked for last place in the league. After two early losses the boys came back to win ten straight. They ended up as the league champs after defeating North Penn three to two. The boys had the drive and the will to win. Coach Swartley was the main factor in molding this championship team. The team had only three seniors Ray Moyer, Barry Moyer, and Dennie Steinly, thus leaving a lot of material for the coming year.
